

Baton Rouge Region Hospital Value Scores- Data as of July 2024

This hospital value score accounts for quality of care, safety, and cost. It has been recently updated to account for the latest Leapfrog hospital safety scores. This information is posted with the other transparency data on www.tigbenefits.com as well.

We anticipate that this information will help plan participants get the most for their benefit dollar.

Please do not hesitate to contact the Turner Benefits Help Line at (225) 214-2566 or benefits@turner-industries.com with any questions.

Hospital	Leapfrog Safety Grade	RAND Hospital Cost Grade	Medicare Star Rating	Hospital Value Score
BR General	11.25	24	36	71.25
LOL	15	20	36	71
Lane Regional	7.5	28	27	62.5
Ochsner	11.25	24	27	62.25
				Possible Score: 100

Utilizing value hospitals will keep your out-of-pocket costs and weekly premiums down while ensuring that you receive the best care available.

Value scores are weighed utilizing the following assumptions:

QUALITY	Medicare Star Rating	45%
SAFETY	Leapfrog Safety Grade	15%
COST	RAND Cost Grade	40%
